

Steve Earle - Snake Oil

Tom: **A**

A
Ladies and gentlemen, attention please

A
Come in close so everyone can see

D **A**
I got a tale to tell, a listen don't cost a dime

E **A**
And if you believe that we're gonna get along just fine

A
Now I've been travelin' all around

A
I heard trouble's come to your town

D **A**
I've got a little somethin' guaranteed to ease your mind

E **A**
It's call Snake Oil y'all, it's been around for a long, long time

Kick in distortion:

Say, your crops'll burn if it don't rain soon

Ain't seen a drop since the tenth of June

Well I can open up the sky, people have no fear

If you ain't impressed yet, just tell me what you wanna hear

Well you lost your farm so you moved to town

You get a job, they shut the factory down

Now you sit around all day long feelin' sad and blue

You need Snake Oil y'all, tell you what I'm gonna do

D **A**
I can heal the sick and I can mend the lame

D **E**
And the blind shall see again, it's all the same

A
Well ain't your President good to you

Knocked 'em dead in Libya, Grenada too

Now he's taking his show a little further down the line

'Tween me and him people, you're gonna get along just fine
