

# Steve Lacy - Give You The World

tom:

**Cm**

Baby, I want a chance

To get you close, right next to me

Said: Girl, I'll be patient and slow

?Cause I got time, shit, maybe forever

You're so fickle and cold

But you feel so electric

Tell me, what I gotta do...oo?

To move a little closer to you

If you want me to, I'll share my heart

I'm not anxious... I'll tell the truth

You know, if you feel about the same way, yeah

I'd feel so out my mind, could be dangerous

We'll fall ohh (We'd fall, I'd fall)

But I'll give you the world, I'll give you the world

I'll give you the world, I'll give you the world, ooh, oooh, ooh
