

## Steven Universo - Finale

```
Tom: C
           F
Here we are in the future
Here we are in the future and it's bright
          В
Nothing to fear, no one to fight
        В
               Ab
I can't believe we've come so far
                                                                      Gm
       В
                          Ε
Happily ever after there we were, and here we are!
So happily we'll face
  Е
Whatever comes our way
                                                            [Key Change!]
And after, we might do it all again. (Here we are in the
I'll be ready everyday, for as long I can say
            Dbm
                                                            change)
I, I can make a change (Here we are in the future)
              Dbm
                                                            And that's why
I, I can make a change (Here we are in the future)
                                                             Happily ever after never...ends
              Dbm
I, I can make a change (Here we are in the future)
```

```
Here we are in the future (Here we are in the future)
                     D
Here we are in the future (Here we are in the future)
Here we are in the future (Here we are in the future)
                     D
Here we are in the future (Here we are in the future)
Here we are, here we are
Come so far, come so far
And it's bright, and it's bright, and it's bright
and it's bright, and it's bright, and it's bright!
                    F
                                Bb
                                       F
I'll be ready every day, for as long as I can say
Here I am in the future with my friends. (I can make a
