

Stevie Wonder - Hey Love

Tom: Eb

C7M C7M

Hey love
May I have a word with you?
I'd like to tell you, yeah
Just what I've been going through
My nights are so long
As I watch each hour go by
Hoping and praying
That someday I will be your guy

F7M F7M#

Hey love
You're my one true soul desire

F7M F7M#

Hey love, baby
Can you feel this burning fire

C7M C7M

Hey love

There's one thing I find so true
When you are near me
I go through a change or two
Hearing your footsteps
I hurry to catch your eye
And I stand there waiting, yeah
But girl, you just walk on by

F7M F7M#

Say love
With a cold heart you are dealing

F7M F7M#

Hey love, yeah
It's an awful hurting feeling

C7M C7M

Hey love
Don't pass me without some sign
Just look me over, yeah
I want to change your mind
