

# Stick Figure - Weight Of Sound

Tom: G

[Primeira Parte]

A E Gbm  
This one goes out to my girl tonight  
A E Gbm  
I'll sing a song for you because the mood is right  
A E Gbm  
It's 2:16 on a Saturday night  
A E Gbm  
My girl she is passed out, she's not feeling alright  
A E Gbm  
Twenty four hours can be a long time  
A E Gbm  
To be lying in bed from the previous night  
A E Gbm  
I'll sit here and drink myself a beer  
A E Gbm  
All night long, I'll sing this song till you call on me, yeah

[Pré-Refrão]

A E Gbm  
Tomorrow will come and the sun will shine  
A E Gbm  
Well I'll be sitting here right by your side  
A E Gbm  
So let the music soothe your soul  
A E Gbm  
Let the music take control  
A E Gbm  
Everything you do or say comes back to you  
A E Gbm  
When things don't work out right, you got to push on through

[Refrão]

A E Gbm  
So keep on running, keep on moving  
A E Gbm  
Everything is gonna be alright  
A E Gbm  
Keep on smiling, keep on laughing  
A E Gbm  
Every little thing is gonna be alright

[Segunda Parte]

A E Gbm  
If you left this choice up to me  
A  
Don't tell me what you got girl  
E Gbm  
Baby please tell me what you need  
A E Gbm  
I must confess, I've been blessed but I'll never say never

A E Gbm  
'Cause I could die today but this music lives forever  
A E Gbm  
And nothing is impossible, nothing is out of your reach  
A E Gbm  
It's just another love song, just another melody  
A E  
Gbm  
So keep believing in your dreams, life's not what it seems  
sometimes  
A E  
Gbm  
And love the air you breathe, you got everything you need for  
tonight

[Ponte]

A E Fm A E Gbm  
Running away, running away  
A E Gbm A E Gbm  
So far from this place, running away  
[Refrão]

A E Gbm  
So keep on running, no... keep on moving, yeah...  
A E Gbm  
Everything is gonna be alright  
A E Gbm  
Keep on smiling, no... keep on laughing, yeah...  
A E Gbm  
Every little thing is gonna be alright

A E  
Playing on your radio, coming through your stereo  
Gbm  
And everybody's getting down  
A E  
You can't seem to let it go, running like a video  
Gbm  
You're haunted by the weight of sound

A E Gbm  
In your eyes, you focus on the light  
A E Gbm  
And for tonight, just relax and let's get high

A E  
The sun it is a sinking low, I'm thinking that it's time to go  
Gbm  
And everybody's headed home  
A E  
Watch them as they come and go, listen to your soul it knows  
Gbm  
Can you feel the weight of sound?

A E Gbm  
It's just love there's nothing that's more real  
A E Gbm  
This love, and the way it makes you feel

## Acordes
