

Stiff Little Fingers - Each Dollar A Bullet Solo

Tom: **F** are essentially right though.

The other tab for this solo on this site is way off from what I think it is...so here's (in my opinion) more correct version.
I will probably be of no help if you have problems with this tab since I'm not too when it comes to tablature, I just know the basics.
You can listen to the song to figure out the timing, the notes and that's it!
