

# Stiff Little Fingers - Here We Are Nowhere

Tom: G

Album: Inflammable Material

Year: 1979

Tuning: Standard

Great, fast simple little punk tune. Straight chords throughout the song. Although, if you listen to the song, you'll notice in the first verse you let the chords ring out and in the second verse their played in a choppy style. Also in the second chorus, pick the strings of the D and Bm chords rather than just playing them. You'll hear it if you listen for it.

D A  
Friday night's here, what's the scene?  
D A  
Nothing to do, y'know what I mean?  
G A D Bm  
Nothing on the telly, there is no late-night show  
G A D Bm  
No shows in town, there is no place to go  
G A D  
Here we are nowhere, nowhere left to go  
  
D A  
Is it a crime to be young  
D A  
Cos every time we have some fun

G A D Bm  
They put us down and tell us that we're wrong  
G A D Bm  
Every time they sing the same old song  
G A D  
Here we are nowhere maybe that's where we belong  
  
Gbm Bm  
You know it's not but what do we do  
Gbm Bm  
Don't look at me now I'm looking at you  
Gbm Bm  
And sitting there won't change a thing  
G A D  
Must we only wait and see what the future will bring

Solo  
(Over Verse and Chorus chords)
