Lyrics:
I hear my poisons in the multitude
Why was I damned a human deemed too rude?
Somewhere between the madness and my mind
I live with legions called the human kind

I wander aimlessly amongst the herd
Infested shadows, I am underterred
I give opinion, cuz you give no peace
They say we manifest a new disease

My head EXPLODES!
My Soul BERATES!
Erratic THOUGHTS!
They scar my face
I won't EXIST!

I won't PERSIST!

I cast a weary gaze into the crowd
Ten thousand reasons dropped into my mouth
My theoretix can't begin to live
So I have nothing more than life to give

My head EXPLODES!
My soul BERATES!
Erratic THOUGHTS!
They scar my face
I won't EXIST!
I won't PERSIST!

See the lies you've given me
This not what I should be
You say your truth isn't me
Every, every, every, everything you say's... **A** LIE!

My head EXPLODES!
My soul BERATES!
Erratic THOUGHTS!
They scar my face
I won't EXIST!
I won't PERSIST!

I won't EXIST!
I won't PERSIST!
I won't EXIST!
I won't PERSIST!
