

Stone Sour - The Conflagration

tom:
Ab (forma dos acordes no tom de A)
Afinação: Eb Ab Db Gb Bb Eb

Every now and then a lifetime needs a second chance
To find another one like you
Don't forget your better reason
All your silly risks will bring you down
Oh several years of bitter Mondays take a heavy toll
And then you realize, it's you
Until you make this easy harder
No one else will care if you're around

[Refrão]

If you live your love with no tomorrow
Every day is just about the sorrow
You should know what they want to get
If it's you, they won't let you forget

(D C A)

Oh so much for gentle lions
Gathering the sheep
All I wanted was
Something safe
Show me your ungrateful tyrants
I'll point out the mirror

Point to you
Oh this is where forever gets us
Immoral wishes and oblivion
I can't stay
I don't need the conflagration
I don't need the hate
And I don't need you

[Refrão]

If you live your love with no tomorrow
Every day is just about the sorrow
You should know what they want to get
If it's you, they won't let you forget
