

# Stone Temple Pilots - Kitchenware And Candybars

Tom: **E**

NOTE: This isn't the whole song; but rather just most of it (It's the part that plays throughout the entire thing). The rest is open as a future project. This is my first tab but I promise that this is MUCH MUCH MUCH more accurate than the other versions you see.

Okay, the main melody is done on an acoustic guitar, probably Rob (The other part is done probably by Dean on his electric; it's only during the chorus and solo/bridge)

Part 1: Acoustic

That's it. The rest is to come later, but it's mostly all there. Have fun and enjoy!
