POP'S LOVE SUICIDE

It's off: "Tiny music... songs from the vatican gift shop"
I really like this song (actually i love all stp songs).
it's very easy to play. But what i really don't know is how
they get that
strange distorted sound.

Standard tuning.

This is the intro and chorus riff:

E G A B

A Ab G

verse riff:

G A G A E

In the middle of the verse appears a second guitar. I
think
it plays
this (it still uses that croutchy distorsion):

Then there is this part when Scott goes: "Although i really
don't know
yeah, yeah, yeah, yeah, yeah... "

Then theres the solo that i haven't figured out and thats it.
This how i play it. If someone knows a better cleaner way of
playing it,
please post it...

I was wondering if anyone could held me figure out any
I
Mother Earth
songs from their second album...

Thats it for me now.
Have fun, drink lots of milk
