

Story of the Year - Anthem Of Our Dying Day

tom:
Intro: Gb D E Gb Dm

Gb
The stars will cry

D
The blackest tears tonight

Gb
And this is the moment that I live for

D
I can smell the ocean air

Gb
And here I am

D
Pouring my heart onto these rooftops

Gb
Just a ghost to the world

D
That's exactly

A
Exactly what I need

E
From up here the city lights burn

Gb
Like a thousand miles of fire

Db
And I'm here to sing this anthem

Of our dying day

[Segunda Parte]

D
For a second I wish the tide

Gb
Would swallow every inch of this city

D
As you gasp for air tonight

Gb
I'd scream this song right in your face

D
If you were here

Gb
I swear I won't miss a beat

D
Cause I never

A
Never have before
