

Strings and Heart - Rescue

tom:
C# (forma dos acordes no tom de Bm)
Capostrate na 1ª casa

I tried but I didn't go far my way
My way
Long nights with the running tears on my face
My face
What good is to gain a world of endless suffering
What good is to fake a smile
When all I got is pain
I need you to rescue me
Cut my chains and let me breath
Can't do this alone I need you please
To rescue me, oh rescue me
Cause I need you to
Hold on when I'm placed on fire
Reach out when I'm sinking deep
Oh I need you to rescue me, oh rescue me
Oh rescue me
Oh oh oh oh oh oh
Oh oh, oh oh oh oh oh
This fear's got a really strong hold on me
On me
Chained down by the weight of what I can't see
I can't see
What good is to gain a world of endless suffering
What good is to fake a smile

When all I got is pain
I need you to rescue me
Cut my chains and let me breath
Can't do this alone I need you please
To rescue me, oh rescue me
Cause I need you to
Hold on when I'm placed on fire
Reach out when I'm sinking deep
Oh I need you to rescue me, oh rescue me
Oh rescue me
Oh oh oh oh oh oh
Everything I've needed
Everywhere I've searched
All along it's been your love
I truly thirst
Everything I've needed
Everywhere I've searched
All along it's been your love
I thirst
So I need you to rescue me
Cut my chains and let me breath
Can't do this alone I need you please to rescue me, oh rescue me
Jesus I need you to
Hold on when I'm placed on fire
Reach out when I'm sinking deep
Oh I need you to rescue me, oh rescue me
Oh rescue me
