

Sture Zetterberg - No Bravado

tom:

G (forma dos acordes no tom de Ab)

Afinação: Eb Ab Db Gb Bb Eb

Intro: Em7 A D2 Bm

Waking up to my heart beats

Accompanied by the rain

The soreness in my eyes

Is not very surprising

This room is still uncharted

But as soon as I get started

I'll send you an SOS

I'll wave it's nobody's business

Give me some time to breathe

Give me some time to speak

'Cause I know the truth inside

And I promise you, this time

No bravado

No more strange

Stupid games

Just one motto

No more pain

All in vain

Let your guard down

Call my name when you need a friend

No bravado

No bravado

(Em7 A D2 Bm)

Standing out in the crossroads

Trying to make out where to go

You left without warning

And now you're ignoring me

So what about us

What about all we had

Just send me an SOS

I'll run to you faster than lightning

Give me some time to breathe

Give me some time to speak

'Cause I know the truth inside

And I promise you, this time

No bravado

No more strange

Stupid games

Just one motto

No more pain

All in vain

Let your guard down

Call my name when you need a friend

No bravado

No bravado

Oh no bravado

No more strange

Stupid games

Just one motto

No more pain

All in vain

Let your guard down

Call my name when you need a friend

No bravado

No bravado
