

Sture Zetterberg - Think About You

tom:
Gb

Wanna be free of this heart, yeah
Eb
Wanna feel your arms around me
B
I need you more, need you here

More than I would like to admit
Db
Let's forget about tomorrow, yeah

Gb
Should I hide my way forever?
Eb
Should I close my eyes and let her get
B
Hold you tight, call you mine

Think about you every time
Db
I remember that it's over, yeah

Gb
You never break, you never lie

You're never ever scared of the dark
Eb
So why am I the one who cries
B
I'm so afraid to be left behind

I think about you a lot
Db
It's almost like I can't stop

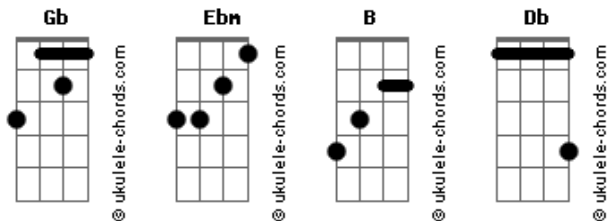

Can't stop, yeah yeah
Gb
You never lose, in all you make

So I've been trying hard to pretend
Eb
That I'm okay, it's just a phase
B
And everything is going just great

I think about you a lot
Db
It's almost like I can't stop

Can't stop, yeah yeah
Gb
I always knew that this would happen, yeah

Acordes

Ebm
You would find a new distraction
B
I need you more, need you here

More than I would like to admit
Db
Can we let go of tomorrow, yeah
