

# Sub Rosa - Chariot Of The Crowned Child

tom:

D

Now a bright new Sun will shine

Over fields and lakes and lanes

And you can find me there

With a book, by the willows

Drinking from the river

?Till the Sun goes down

Now I have no time to cry

And I don?t believe in fate

The dark times brought me here

And I don?t want to come back

Please, don?t talk to me about

The one I am no more

Let me ride, let me run

Take my time, have some fun

My own God, my own fan

Live the Truth the world fears to face

Dead hate the life they think they can?t have

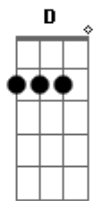

I raise you when you?re down  
(Sunflowers look at me while I'm passing)

I catch you when you fall  
(Pollen flies, like a golden rain)

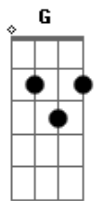

The kid?s merry-go-round  
(The Sun will not stop to shine)

I love you dusk to dawn

(Even if you?re burning in pain)

When the night falls all is rest

And I say my secret prayer

Although we are so small

Within us lies a universe

Living, pulsing, willing

Everlasting love

So, please, let me live my life

Godlike inner grace of saints

Make sure you close the doors

And lock them with one thousand chains

When you go back weeping

Down from where you came

As I ride, as I run

Take my time, have some fun

My own God, my own fan

And live the Truth your world fears to face

No hate, no war. Just feel the Young Grace

I raise you when you?re down  
(Sunflowers look at me while I'm passing)

I catch you when you fall  
(Pollen flies, like a golden rain)

The kid?s merry-go-round  
(The Sun will not stop to shine)

I love you dusk to dawn  
(Even if you?re burning in pain)
