All my days and nights have no meaning

And I long to be with you just once more
Since you had to fly

A
Fly away
Bm
Now you fly
A
Fly away (is what they say)

All those dreams and plans and hopes gone away with you

See! My very steps are lost
Hear! My very words are lost

And in quiet despair
G A Bm
We say you fly
(Bm Em C)
Bm Em C
We can deny and try, time after time
Bm - Em
To protect our hearts in a make believe
And when the truth is up
C Bm Em
We say you fly away to watch for us up there
C
We shall rely on lies another time

It's a way to avoid the despair and fear

And when your loss is up, we say you fly away

But not so far from here

We will deny and lie just one more time
Bm Em
One last chance we have to pretend you live
