```
                   tom:
                    Em
          D  D   Dadd9  D  (2X)

Em      G  C           D            Em    G
Sometimes, I think I only need you by my side
     C             D               Am      Em
To feel the bliss of breathing and just be who we are
     Am        Em           D D Dadd9 D  (2X)
And, just for a while, just be

Em      G  C           D              Em   G
Sometimes, I just need to rest my head on your chest
     C             D                  Am      Em
And carelessly speak my mind and tell you how my day was
     Am        Em                 D D Dadd9 D  (2X)
And, just for a while, know that there?s someone here to
listen to me

       Em    G
We?re here again
    C              D
To live our times together
       Em    G
In the easiest way
    C              D
I feel your inner needs
          Am      Em
And lend a helping hand
       Am      Em
At the end of the day
   D D Dadd9 D  (2X)
For you

Em      G  C           D            Em    G
Sometimes, I look into your eyes only to see
       C              D              Am      Em
Those things we never said, but somehow, we do agree
     Am        Em        D D Dadd9 D
Unspoken vows and plans, we keep

Em      G  C           D              Em   G
Sometimes, I think of how the bad days drifted away
     C              D               Am        Em
And since we?ve been together, we will always find a way
     Am           Em      D D Dadd9 D  (2X)
To live this life we share, exactly as it was meant to be

       Em    G
We?re here again
    C              D
To make sure we?re connected
```
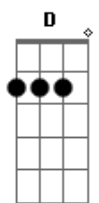

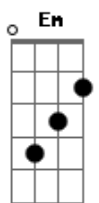

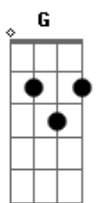

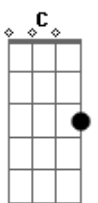

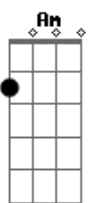

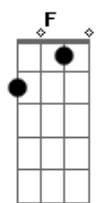

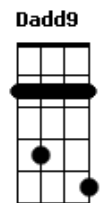

```
                    Em      G
Through the easiest way
    C              D
You see my inner demons
                       Am      Em
And when all of them turn away
         Am           Em
You?re there to make a stand
   D D Dadd9 D  (2X)
For me

Am           G          F            Am
We don?t want to talk about their news or express opinions
                        G
Don?t even need their meddling
         F              Am
We don?t live by their beliefs and creeds
             G           F          Am
Sometimes, all we need is here, alone in our togetherness
                         G              F
We?re free to speak our minds, show doubts and fears
         Am         D    D Dadd9 D  (4X)
Our naiveties and say ?I love you?

       Em    G
We?re here again
    C              D
To live our times together
       Em    G
In the easiest way
    C              D
We know our inner needs
             Am      Em
And keep each other safe
     Am      Em
Day after day
   D D Dadd9 D
For us

       Em    G
Here we are again
    C              D
To live the simplest love of all times
Em      G
Hand in hand
      C                D
And keep that promise made
              Am           Em
It doesn?t matter where or when
       Am           Em
We will always be there
   D D
For him
