I've been trying to find this tab on the net for months. I couldn't find one that made sense. So I told myself, "Why don't I write it?" So I did. It's only two power chords so it's really easy. Here it goes...

Chord 1 Chord 2

Eadd11 (7 9 9 8 7 7)
 C#add11 (4 6 6 5 4 4)
 Dadd11 (5 7 7 6 5 5)
B (7 7 9 9 9 7)
Ab (4 6 6 5 4 4)
A (5 7 7 6 5 5)
Bb (6 8 8 7 6 6)
 C#sus4 (9 9 11 11 11 9)

-Chord 1- She's got the Eye of Fatima
 the wall of his room in

Three bottles of Tequila
 Three cats and a broom

-Chord 2- He got a 15-year-old angel
 And she's all dressed in black

|The rest is the same|

|-----|

This here's a government experiment
 And we're drivin' like hell
 We'll get some cowboys on acid
 And stay in motels
 We gonna eat up some wide open spaces
 Like it was the top of the Nile
 The hands on the clock are gonna be here
 A while

An eye of Eye of Fatima
 In the wall of the hotel room
 And cowboys on acid
 Are like Egyptian cartoons
 No one ever conquered Wyoming
 From the left or from the right
 Just stay in the hotel room
 Stay up all night

(This is really easy you just slide your hand with the same power chord as before.)
