

# Sublime - Right Back

Tom: **C**

## Verse 1

**C**  
Sleepin' by yourself at night can make you feel alone  
your girlfriend said so, but I really don't know

that don't mean we fucked around

**A**  
that night last week when you left town

## Verse 2

**C**  
Was tweakin' by myself one night that's when I wrote this tune  
didn't have no need for that bed in my hotel room

**Bb**  
uh-huh, sometimes right now since I've left the bend

**A**  
feels like I'm right back there again

## Chorus

**F** **G**  
sometimes I pray

**F** **G**  
waiting, waiting for some bright holiday (holiday)

and I'm right back, right back where I'm from
