Verse 2 (mesmos acordes que o verso 1: **G A**)

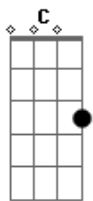

Everyday I wake up just a little bit more feelin'
like a dog out on the yard because that's just how we are
Everyday I wonder if it's over when I wake up
realizin' that we hate and brake down the war
You say it's black, I don't believe you
And if you say it's white, you say I'm tryin to deceive you
and baby you're the winner of the high and the low,
and I'd be waiting for you in the
middle but I just lack control.

Chorus

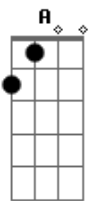

Verse 3:

A Girls don't go crazy **G** [x3]
A When the men use you. No!
Dm7 Oh woman hold your man tight **Cm7**
Dm7 If it makes you feel right **G** (pausa)
A It's your own life **G A**
