Tom: **C**

Intro: **A G**

Verse 1:

A
Every day I love her just a little bit more
A little bit more, **A** little bit more
A little bit more, **A** little bit more
Every day I love her just a little bit more
And she loves me the same
Every day I love her just a little bit more
A little bit more, **A** little bit more
Every day I love her just a little bit more
And she loves me the same

Chorus:

A
Baby if you want to get low
G
Baby if you want to get high
It makes no sense at all
I saw red,
I saw red. Oh I saw red

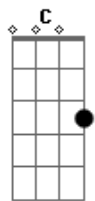

Dm7 **Em7** **A**
One more secret lover that I shot dead
G A

Verse 2 (mesmos acordes que o verso 1: **G A**)
Everyday I wake up just a little bit more feelin'
like a dog out on the yard because that's just how we are
Everyday I wonder if it's over when I wake up
realizin' that we hate and brake down the war
You say it's black, I don't believe you
And if you say it's white, you say I'm tryin to deceive you
and baby you're the winner of the high and the low,
and I'd be waiting for you in the
middle but I just lack control.

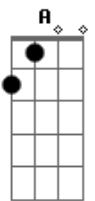

Chorus

Verse 3:
A **G**
Girls don't go crazy [x3]
When the men use you. No!
Dm7 **Cm7**
Oh woman hold your man tight
Dm7 **G** (pausa)
If it makes you feel right
It's your own life
