Suede - By The Sea

```
                        tom:
                     A
Intro: A   A   A   A

A
She can walk out anytime
                      D
Anytime she wants to walk out
        E
That's fine

A
She can walk out anytime
                          F
Anytime she feels that life
                E
Has passed her by

A                   Dbm7
And when I start my     new life
          D               E
I won't touch the ground

A                   Dbm7
I'm gonna try hard      this time
        D               E
Not to touch the ground

    A
He can walk out anytime
                      D
Anytime she wants to walk out
        E
That's fine

    A
He can walk out anytime
                        F
Across the sand, into the sea
              E
Into the  brine

A                   Dbm7
And when I start my     new life
          D               E
I won't touch the ground
```
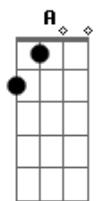

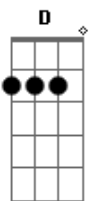

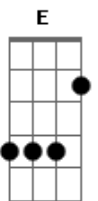

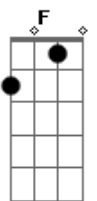

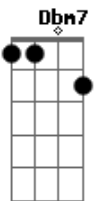

```
A                   Dbm7
I'm gonna try hard      this time
        D               E
Not to touch the grooound

    A
So we sold the car

And quit the job

And shook some hands
                    D
And wiped the make-up
          E
Right off

A
And we said our good-byes

To the bank
                          F
Left Seven Sisters for a room
                E
In a seaside shack

A                   Dbm7
And when I start my     new life
          D               E
I won't touch the ground

A                   Dbm7
I'm gonna try hard      this time
        D               E
Not to touch the grooound

              A           Dbm7
It's by the sea we'll breed
              D           E
It's by the sea we'll breed
          A           Dbm7
Into the sea we'll bleed
          D           E
Into the sea we'll bleed
                    A
Into the sea
```
