

Suki Waterhouse - Blackout Drunk

tom:
C
I shouldn't have said what I said last night Am
But I'm about to say it again Em
Those girls were not your friends
I was right
G
And the look on your face says
You know about it
C
I know what you're gonna say
Oh the party got away Am
From you
Baby the light's in your eyes Em
But your hand's on her skirt G
You're making it worse with your meaningless words
Forget about it!
Dm
You ruin every night
G
You always start the fight
C
Oh why do
E
I say that
Am
I love you
Dm
Sweet dreams can't sleep it off
G
Wait till I wake you up
C
'Cause I can hardly wait to tell you all the shitty things E7
that
Am
You've done
F Fm C
When you're b-b-b-b-b-b-b-b-b-b blackout drunk
I thought that I was but
Am
I'm not your type

I've seen the messages on your phone Em
It kept me up a whole goddamn night G
And all of our friends seem
To know about it!
C
Oh but what about me
Maybe I should have a seat Am
Could I keep
It locked in my chest?
You'll be chasing the key Em
Is that what you need G
A girl that can cheat? C
Forget about it!
Forget about it!
Am
Forget about it!
