

# Sum 41 - Catching Fire

tom:

Intro: D Bm G D A

D Bm G  
I never told you how I felt  
Though I thought I'd said it all  
D Bm  
And I never knew you needed help  
G D A  
Well, 'cause you always seemed so tough

Bm G  
But now I'm here alone  
G D  
Without you by my side  
D A  
If only I had known  
Bm G  
That you kept it all inside  
G  
Now I'm trying to understand  
D  
Just trying to find a way  
A  
But forgive you I just can't  
A A  
It's all too much for me to take

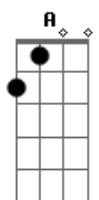

Bm G  
And if I failed you, well  
D A A  
I swear I tried my best  
Bm G  
But now you're gone  
D A A  
So all your tears can lay to rest

Bm G  
Just so you know  
G  
You meant the world to us  
D A A A  
I know that it's too late  
Bm G D  
And all I want's another chance  
D A A D  
I can't accept that you have left

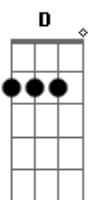

D Bm G  
Look at all this damage done  
D A  
Are you happy with yourself?  
D Bm  
We thought the best was yet to come  
G D A A A  
And I thought I knew you oh so well

Bm G  
And now the days just go by  
D  
While the moment seems to last
