

Sun Diamond - Go To The Yard

Tom: D

Intro: Bm D
Bm D G Em
Bm D
Bm D G A

Let's Go!

Bm
In my pool
I will drown
To celebrate all this
Because my scream is low
And I just want to scream and shout
There's no law to change the way
You feel something that simple exists
But where? But where?

(Bm D)
(Bm D G Em)

Bm
I am sad and confused
since the morning... the morning
What made you abused
Of my sense of humor?
But you called me up!

Your speaking was confusing!
Spoke of my bird!

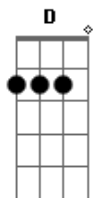

Em
That I'm not here just to lose,
I'm not here just to lose
For anybody!

Bm
You go to the yard
To get herbs for my tea
And I will be waiting... Waiting
Imagining your lips

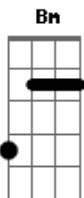

Bm
Well, things happen
We were wrong
Things happen, we were
We were wrong all the time!

Bm
You go to the yard
To get herbs for my tea
And I will be waiting... Waiting
Imagining your lips
Well, things happen
We were wrong
Things happen, we were
We were wrong all the time!
