 Heres one of the best tunes ( In fact, they are all SUPERB )  
 From the " I Sould CoCo " album

By  
 Intro: The intro is just one chord " F something " I don't  
 Know the name of it, It is x33200  
 I think its some sort of F, so I'll just  
 Write it as F, so if you see  
 F you'll know what mean

You'll have to listen to the song a few times to  
 Get the strumming pattern  
 Verse 1

F E E  
 Take my love away  
 F A  
 Its never gonna work for you

Chorus  
 Am  
 Well I met her at night  
 F  
 You know that seeing is believing  
 C  
 I know the feeling was right  
 B  
 Well she couldn't stop screaming  
 Em (12 fret)  
 And she swallowed it down  
 C  
 To the heart of the world  
 Am F C  
 Shes So Loose  
 D  
 Shes so loose  
 You go back to F now and play the intro again

Verse 2  
 F E E E  
 Take these wings away  
 F A  
 There never gonna work for me

Chorus  
 Am  
 Well I met her at night  
 F  
 You know that seeing is believing  
 C  
 I know the feeling was right  
 B

## Acordes

Well she couldn't stop screaming  
 Em(12th fret)  
 Its getting harder again  
 C  
 In the heart of the world  
 Now you DON'T play this, this time  
 ( A F C )  
 ( Shes So Loose )  
 Instead play this  
 Now you go into the solo ( it isn't 100% correct but its as  
 close as  
 I can get it )

In the last barr only pick on 5th fret and slide  
 Down and up  
 If you don't think it is right you can  
 Fiddle around with it a bit if you want  
 Now you play the chorus again  
 Chorus

Am  
 Well I met her at night  
 F  
 You know that seeing is believing  
 C  
 I know the feeling was right  
 B  
 Well she couldn't stop screaming  
 Em(12th fret)  
 She swallowed it down  
 C  
 To the heart of the world  
 Am F C  
 Shes So Loose

F= x33200  
 E= 0222xx

This is a brilliant song to play and to listen too  
 Play it too your hearts content!  
 If your see any big mistakes then let me know!  
 Happy PLAYING!
