Supertramp - The Logical Song

Tom: Ab

```
   Cm                                  Ab7      Gm7
When I was young, it seemed that life was so wonderful,
  Bb        Fm7          F7
a miracle, oh it was beautiful, magical.
          Cm                                Ab7      Gm7
And all the birds in the trees, well they'd be singing so
happily,
  Bb        Fm7  Am7b5
joyfully, playfully watching me.

             Cm                          Ab7      Gm7
But then they send me away to teach me how to be sensible,
  Bb        Fm7        F7
logical, responsible, practical.
        Cm                            Ab7      Gm7
And they showed me a world where I could be so dependable,
  Bb         Fm7          Am7b5
clinical, intellectual, cynical.

          Eb                          Am7b5
There are times when all the world's asleep,
                 Ab7
the questions run too deep
            Db Db7 Bbm7 Bbm7
for such a simple man.
```

```
               Eb                              Am7b5
Won't you please, please tell me what we've learned
                       Ab7
I know it sounds absurd
                        Db Db7 Bbm7 Bbm7
but please tell me who I am.

Repeat same sequence of chords on the following verse

Now watch what you say or they'll be calling you a radical,
liberal, fanatical, criminal.
Won't you sign up your name, we'd like to feel you're
acceptable, respecable, presentable, a vegtable!

   At night, when all the world's asleep,
   the questions run so deep
   for such a simple man.
   Won't you please, please tell me what we've learned
   I know it sounds absurd
                     (Db Db7 Bbm7 Bbm7 ) x 3
   but please tell me who I am.
