tom:

Intro: A Abm Dbm Bm
Gbm Gm Gbm

The morning has come
The morning has come
The morning has come
The morning has come

(A Abm Dbm Bm)
(Gbm Gm Gbm)

There's something new inside
Now I realise
That the power that has been given to me
Is mine

And now I am inside of a new thing
And now I am inside of a new thing
(A Abm Dbm Bm)
(Gbm Gm Gbm)

Everyday I see the air I breathe
And everyday is new
Everyday is a gift
Everyday is live

I can have everything I want
I can have everything I dream
'Cause that's life

Because that's life I realise

Something new inside of me
Something I can barely see
I can feel in my veins
I can feel in my brain
We can create everything we want
With only one word

[Solo] A Abm Dbm Bm
