

# Susanne Sundfør - Turkish Delight

Tom: G

Em D C D Em  
Angels are lost in the sooted fog  
Em D C D Em  
Of a million fallen dots on a disc of mud  
Em D C D Em  
All the closets forgotten  
Em D C D Em  
All the lakes are frozen

C D  
Well if eternal winter, if eternal snow  
Am C Em  
I'll have a Turkish delight  
C D  
I've got the freeze, they offer me holy wine  
Am C Em  
It gets me through the night

Em D C D Em  
The moon lingers on and shines down  
Em D C D Em  
Upon the shroud that covers both the living and the dead  
Em D C D Em  
Of a forgotten empire  
Em G

You better kneel, you better kneel down  
D C D Em  
Before the lady, the shadows of sun

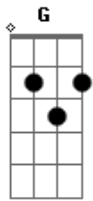

C D  
And if eternal winter, if eternal snow  
Am C Em  
I'll have a Turkish delight

C D  
I've got the freeze, they offer me holy wine  
Am C Em  
It gets me through the night

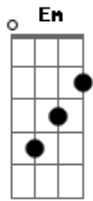

Em C  
Everybody's hungry for more and more and more and  
Am C Em  
Even though they know that Maugrim's at the door and  
Em C  
Everybody thought they could make it on their own but  
Am C G  
I have seen them turn into stone

Em C  
Everybody thought they could make it on their own but  
Am C G  
I saw them turn into stone.
