

Switchfoot - American Dream Acoustic

Tom: **A**

(com acordes na forma de **E**)
Capostrate na 5ª casa
Jon Foreman

CAPO 5

On the record its tuned down but in this performance it's standard so its your choice

Tuning:
Recorded- **Eb Ab Db Gb Bb Eb**
Live- **E A D G B E**

My main reason for doing this tab is to fix the bridge from whats been posted before and have it just like Jon does. The other ones sound okay with the vocal but they aren't how Jon plays it. This is the way Jon Foreman plays American Dream on the video. I think this is the first time I have ever seen Jon Foreman use a capo. Everything is of course relative to the capo. I did my best to line up the lyrics to the tab
Intro:

Verse: (strum this for the whole verse)

When success is equated with excess
The ambition for excess wrecks us
As the top of the mind becomes the bottom line
Where success is equated with excess
If your time had been nothing but money
I start to feel really bad for you honey
Maybe honey put your money
Where your mouth's been running
If your time had been nothing but money

Bridge:

I want out of this machine it doesn't feel like freedom

Chorus:

This ain't my American dream

I want to live and die for bigger things
A lot of people do an **A** here insted of a second **B** but Jon does this

I'm tired of fighting for just me

This ain't my American dream

Verse: (strum this for the whole verse)

Where Success is equated with excess
When you're fighting for the Beamer, the Lexus
As the heart and the soul breathe in the company goals
Where success is equated with excess

Bridge:

I want out of this machine it doesn't feel like freedom

Chorus:

Chorus:

This ain't my American dream

I want to live and die for bigger things

I'm tired of fighting for just me

(On the recorded Acoustic he goes to an **E** chord on dream, live he does a fill and picks the **E** at the end of the fill, take your pick I'll put the **E** here since the fill is on above chorus)

This ain't my American dream

This bridge thing here has been done wrong a lot here on the site The other ones posted sound great along with the vocal but they aren't what Jon does so here it is, its a little complicated and the timing is a bit weird but this is 100% right. If you need help check out the video at live-pulse or email me.

Cause baby's always talking about her ring

And talk has always been the cheapest thing

Is it true, would you do what I want you to

If I show with the right amount of bling

Yeah you're just a puppet on a monetary string

Maybe we've been caught singing

((LIVE HE DOES AS FOLLOWS!))

Red, white, blue, and green

But that ain't my America

That ain't my American dream

((RECORDED VERSION!))

Red, white, blue, and green

But that ain't my America

That ain't my American dream

Chorus:

This ain't my American dream

I want to live and die for bigger thing

I'm tired of fighting for just me, Yeah

(On the record he triple strums the **D** like I have here but live he only hits it once, so once again take your pick)

This ain't my American dream

Alright thats it, I hope this helps someone out! Just trying
