

Switchfoot - C'mon C'mon

Tom: ^D

You've been ^D living life like its a sequel
 And you're ^G already bored with the plot
 As if the ^D cast and the score are more money than before
 But the ^G script and the backdrops are stock
 We've ^D got the rest of our lives to regret
 All the ^G words that we've said here tonight but I'll bet
 That the ^D morning, in the morning
 We'll ^G find us in bloom

^D
 So come on, come on, come on
 Let's ^G not be our parents
 Oh, ^D come on, come on, come on
 Let's ^G follow this through
 Oh, ^D come on, come on, come on
 Everything's ^G waiting
 We ^D will rise with the wings of the dawn
 When everything's ^G new
 when everything's ^D new ^G

^D
 Let us rise up like the summer sun
 Let these ^G songs awaken the dawn
 Let us ^D breathe every breath, like a gift to be kept
 Let us ^G breathe it all in till it's gone
 We've ^D got the rest of our lives to live out
 All these ^G dreams we stayed up tonight talking about
 In the ^D morning, start hoping
 Nothing ^G too soon

^D
 So come on, come on, come on
 Let's ^G abandon this darkness
 Oh, ^D come on, come on, come on
 Let's ^G follow this through
 So ^D come on, come on, come on
 Everything's ^G waiting
 We'll ^D be lit up like fire and gold
 When everything's ^G new, when everything's ^D new
 When everything's ^G new, when everything's ^D new
 When everything's ^G new, when everything's ^D new
