

Switchfoot - Restless

Tom: **E**
Intro: 4x: **B E**

B **E**
I am the sea on a moonless night, calling, falling, slipping
tides

B **E**
I am the leaky, dripping pipes; the endless aching drops of
light

B **E**
I am the raindrop falling down, always longing for the deeper
ground

B **E**
I am the broken, breaking seas. Even my blood finds ways to
bleed

Abm **E**
Even the rivers ways to run; even the rain to reach the sun

B **E**
Even my thirsty streams; even in my dreams

B **E** **B** **E**
I am restless; I am restless. I am restless; looking for you

E **B** **E** **B**
I am restless, I run like the ocean to find your shore. Im
looking for you

B **E**
I am the thorn stuck in your side, I am the one that you left
behind.

B **E**
I am the dried up, doubting eyes, looking for the well that
wont run dry.

B **E**
Running hard for the other side, the world that Ive always
been denied.

B **E**
Running hard for the infinite, with the tears of the saints
and hypocrites.

Abm **E**
Oh blood of black and white and gray; death and life and night
and day

B **E**
One by one by one, we let our rivers run

B **E**
Cause I cant hear you breathing, I cant feel you leaving

B **E**
More than just a feeling, more than just a feeling.

B **E**
I can feel you reaching, pushing through the ceiling.

B **E**
Until the final healing, Im looking for you.

Abm **E**
Until the sea of glass we meet, at last completed and complete

B **E**
The tide of tear and pain subside. Laughter drinks them dry.

B **E** **B** **Gbm**
Ill be waiting. Anticipating, all that I aim for; what I was
made for

Abm **E** **B**
With every heartbeat, all of my blood bleeds; running inside
me

E **B**
Looking for you; looking for you

E **B**
Looking for you; looking for you

B **E** **B** **E**
I am restless; I am restless. I am restless; looking for you

E **B** **E** **B**
I am restless, I run like the ocean to find your shore. Im
looking for you

B **E**
Cause I cant hear you breathing, I cant feel you leaving

B **E**
More than just a feeling, more than just a feeling.

B **E**
I can feel you reaching, pushing through the ceiling.

B **E**
Until the final healing, Im looking for you.

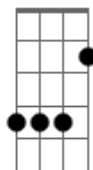

B
Looking for you
