VERSO

And the fishermen came back across the water
And the people started running in the park
And the city stopped, as I held you in my arms
We could hear the sound of sirens all around us
And the scent of burning oil was in the air
And the music played
And it felt so good to hear

CHORUS

This is the life we've been given
So open your mind and start living
We can play a part if we only start believing

VERSE 2

There's a stranger on the hill and he is speaking
As the tear from every cloud begin to fall
For one moment then, we understood it all

BRIDGE

Everyone, everyone, can you hear the soldiers coming
Yeah, the garden

Everyone, everyone, every man and every woman
We all fall, in the end we're just miracles of matter
So come on, let me love you

CHORUS AS BEFORE

This is the life we've been given
So open your mind and start living
We can play a part if we only start believing

VERSE

Then the crowd began to head for the horizon
A million people walking back to work
But you and me, we just lay down in the garden
Yeah you and me, we just lay down in the garden

CHORUS

This is the life we've been given
So open your mind and start living
We can play a part if we only start believing

ENDING

You and me, we just lay down in the garden
Yeah, the garden
