

# Tally Hall - Hymn For a Scarecrow

tom:

[Primeira Parte]

You hang around for a living  
Somewhere between all the land and the sky  
Being by never forgiving  
Nobody knows you and neither do I

( Dm G Dm Fm )

[Segunda Parte]

Birds may believe at a distance  
You wear a grin and keep perfectly still  
Driven away with persistence  
I wonder if they have wondered  
Or will ever wonder, ever wonder

Farmer Jim hums when he's all alone  
He may imagine you heard and he knew  
You wouldn't hear what he might have known  
I wonder whether he wonders if you ever wonder  
Ever wonder

Oh

[Refrão]

Scarecrow  
Maybe the wind knows  
Whether you wonder  
Who's calling your name

Scarecrow  
Maybe the wind knows  
Whether you wonder  
Who's calling your name

Scarecrow  
Maybe the wind knows  
Whether you wonder  
If you are to blame

( C Am C )  
( G Am F )

[Terceira Parte]

Mother Earth's love whispered to me  
(And it wasn't her fault)  
Real is a feeling and feeling is real  
All of you are flowing through me

## Acordes

But you wouldn't know how to fathom or feel  
When the wind blows  
The wind knows  
The wind knows  
Oh

[Refrão]

Scarecrow  
Maybe the wind knows  
Whether you wonder  
Who's calling your name

Shame how nobody knows you  
Only who wonders if you are to blame

[Ponte]

Saving the grain of your golden domain  
Without even reasoning why  
The crows seem to know where you need them to go  
Igniting a spark in their minds  
So they circle and fly  
Fly  
Fly Fly

( D )

[Quarta Parte]

You hang around for a living  
Blown in the wind like a pinned butterfly  
Monarch of ever forgiving  
Some of us wonder if you want to die

( Dm G )

Would you want to die?

[Final]

How I wonder  
Ever wonder  
Ever wonder  
Ever wonder  
(The wind knows)
