

Tally Hall - The Bidding

tom:

Am
I've been sleeping in a cardboard box
Spending every dollar at the liquor shop
And even though I know I haven't got a lot
I try to give you loving till the day you drop

Am Dm C E
I've been training like a Pavlov dog
Sent my independence out to take a hike
All you gotta do is activate my bell
And I'll fetch you anything you like

D C
Going once, going twice
Every man here has a price
Over here, over there
Sold to not a single lady in here

Am Dm C E
I've been here like a thousand times
Dated every woman in the atmosphere
I've been to every continent
Broken all the hearts in every hemisphere
And if I'm not the type of guy
You like to circumvent
Just remember not to love me when I disappear

Am Dm C
I graduated at the top

I like to take advantage of the bourgeoisie
So if you have a fantasy of being a queen
Maybe you should blow a couple bucks on me

D C
Going once, going twice
Won't these gentlemen suffice?
Any here, Any there
Any motions anywhere

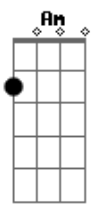

D C
Going twice, going thrice
Guess this means we'll go 4 times a lady

A E D A
I promise I'll be all you need, ever need
You'll never have to shop around
I'll give you all you ever need, ever need
Don't worry I will never
Let you down, let you down
Don't worry I will never let you down

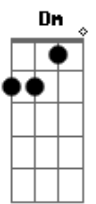

Am Dm
So many ladies are wanting for mates
And the prospects are good

Am Dm C E
But the date's never great
Over here Over there Over where Anywhere
They're too busy With winning
The bidding To care and he's
Sold
