

Tame Impala - Disciplines

Tom: **F**
Intro: (**F** **Bb**)
(**Gm** **C7**)

VERSE 1

Cause I was still not sure
But it's something I'm used to
And I could tell by your face
No one's ever been new to you

But I could tell you things
That I can't say to anyone
And you can run today
But you didn't stay there long

Interlude 2x: (**F** **Bb**)
(**Gm** **C7**)

BRIDGE

Not it's like the world owes you

Walking around like everybody should know you
I wanna feel like we used to
But now you worry cause the idiot's would lose you

VERSE 2

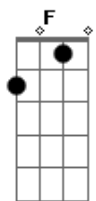

And I had no idea
What that fame could do to you
And I can tell you've changed
By the people around you

I used to take the long way
Just so I could walk past your door
I used to wait for a sign
But I guess I want anyone

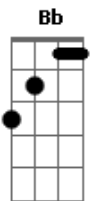

Interlude 2x: (**F** **Bb**)
(**Gm** **C7**)

So much I wanna tell you...
So much I wanna tell you...
