

Tamino - Habibi

tom:

Intro: **Dm** **D**

Dm **D**
Something hides in every night

A **D**
Brings desire from the deep

Dm **D**
And with it comes a burning light

Gm **Dm** **D**
To keep us from... our sleep

Bb- **A**
And as the full star tries his best to make the white pearl shine

Gm **Dm** **D**
Glances of a new day have arrived

Bb- **A**
And though he's not alone, he fears to never love another

Gm **Dm** **D**
And leave his heart forever with her smile

A
Haaa

Dm **Bb-** **D**
Habi--bi, light is burning

A
As I am burning

Dm **Bb-** **D**
Habi--bi, light is burning

A
As I am yearning

(**Bb** **Dm**)

Dm **D**
Something died within a soul

A **D**
Left the eyes to rust

Dm **D**
And every time it is recalled

Gm **Dm** **D**

It covers all... in dust

A
Haaa

Dm **Bb-** **D**
Habi--bi, light is burning

A
As I am burning

Dm **Bb-** **D**
Habi--bi, light is burning

A
As I am yearning

Dm **A**
And meanwhile, a whole lot goes down

Bb- **A**
Somewhere in the darkness, us together for a while

Dm **A**
You loved it then, so did I

Bb- **A**
A feeling deep inside you wants to love it all again

Dm **A**
Now don't leave it there, just give it a chance

Bb- **A**
If only I'd forget you after one last dance

Dm **A**
But you're everywhere, yes you are

Bb- **A**
In every melody and in every little scar

Dm **A**
Yes you are, you are

Uh

Dm **Bb-** **D**
Habi--bi, light is burning

A
As I am burning

Dm **Bb-** **D**
Habi--bi, light is burning

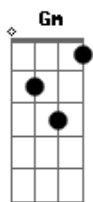

A
As I am yearning

(**Bb** **D**)
