

Taneréle - Nothing Without You

tom:

Intro: F G Am

[Primeira Parte]

I've been chasing the moon and the stars
'Cause I've been trying to be where you are
Could it be that I'm searching too hard?
I wish you'd come and find me
Won't you come and find me?

[Pré-Refrão]

'Cause I'm down when you're far away
When you're gone I don't sleep for days
I've been stuck in the darkest age
Can't you see what I'm tryna say?

[Refrão]

I'm nothing without you
I'm nothing without you
I'm nothing without you
I'm nothing without you
You're my missing piece
I don't wanna live without ya
You're my missing piece
I don't feel at home without ya
'Cause I'm nothing without you

[Segunda Parte]

I've been running away from the sun
A girl obsessed when it's all said and done
'Cause they can't tell me that you're not the one
So baby, come and find me
