

# tate mcrae - Chaotic

tom:

Dm

I have this paralyzing fear that I'll maybe go nowhere

Bb

But God forbid me ever admitting I could be scared

C

And I can't stand my friends right now we got nothing in common

Bb

But being lonely's worse than just having friends that don't care

C

You said it looks like I've been going through hell

Bb

How did you know? How could you tell?

Bb

Ask me to explain myself

C

Well

I'm trying my best here to be brutally honest

Bb

Nobody said changing would be this exhausting

C

A foot on the break 'cause it's been making me carsick

Bb

How could you blame me? Growing up is chaotic

C

Don't wanna say it but I really think that I miss him

Bb

It might seem stupid but I still look through all of our texts

C

Who knew that wanting someone could ever make me this desperate

Bb

Don't think that I'll do that again, no

C

You said it looks like I've been going through hell

Bb

How did you know? How could you tell?

Bb

Ask me to explain myself

C

Well

I'm trying my best here to be brutally honest

Bb

Nobody said changing would be this exhausting
