

tate mcrae - Ex Best Friend

tom: G

Yeah, I wonder if Am

My name has ever crossed your mind F

Even for a second C

Know it's been a second G

Since we last talked Am

Or faced each other eye to eye F

Know it's been hectic C

Yeah I shoulda said this G

It kinda hurts 'cause it's insane Am

Yeah we walk by and it's like Am F

I don't even know you F C

Like I've never met you C G

I see our pictures on my phone G Am

And question why we didn't try Am F

But we were just habits F C

Thought we'd always have it C G

So to my ex best friend G Am

I thought I'd know till the end F

Sorry I know things aren't going C

As we planned G

To my once ride or die G Am

The one who always knew me right F

We would swear it'd always end up C

You and I G

We really messed up this time Am

(Am F)

We really messed up this time F C

(C G)

What about all the nights Am

Where we'd talked about our lives F

We were just wishing C

Wish I woulda listened G

It kinda hurts 'cause it's insane Am

Yeah we walk by and it's like Am F

I don't even know you F C

Like I've never met you C G

I see our pictures on my phone G Am

And question why we didn't try Am F

But we were just habits C

Thought we'd always have it G

So to my ex best friend G Am

I thought I know till the end F

Sorry I know things aren't going C

As we planned G

To my once ride or die Am

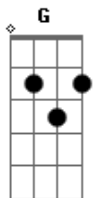

The one who always knew me right F

We would swear it'd always end up C

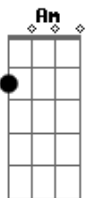

You and I G

We really messed up this time
