

tate mcrae - Kinda Numb

tom: G

[Primeira Parte]

A E
Not gonna lie

Dbm B
My chest is tighter than before

A E
Yeah it was me

Dbm B
But why am I lying on the floor?

A E B
I never thought I'd be the one to give it up

A E B
But then I felt too much then didn't feel enough

[Pré-Refrão]

A A
And I know that my head's been racing

E E
I don't do well with replacing

Dbm B
Kinda jealous, kinda faking all

A
And the thought of you with someone else

E
Made me wanna prove myself

Dbm B
By putting up another stupid wall

[Refrão]

A
So I'm sorry if I'm kinda mad

B
But maybe I was scared

A
And I've been doing bigger things

E
But you're still everywhere

A
Something 'bout you makes me go insane

E Dbm B
And there's something making that okay

A E
Yeah I know I shouldn't feel this way

Dbm B
But maybe you feel the same?

[Segunda Parte]

A E
Not gonna lie, I know that I messed it all up

A E
So many lies, I guess I've gotten sorta numb

Dbm B
Wish I could explain why my heart's been acting dumb

[Pré-Refrão]

A A
