

# tate mcrae - Lie To Me (feat. Ali Gatie)

tom:  
Em  
[Primeira Parte]

Em  
You don't understand  
I'm not ever like this  
Bm  
I can my hold breath  
Say ill be alright  
Am  
But kinda hard to think  
G  
When I can't feel a thing  
Em  
So tell me to my face  
Already heard it last week  
Bm  
Driving me insane  
It's hitting real badly  
Am  
Tell me what's her name

[Refrão]  
Said you'd never, why'd you ever  
Em  
Lie to me baby lie, lie to me  
G  
Lie to me baby lie, lie to me  
Am  
Lie to me baby lie, lie to me, yeah  
Said you'd never, why'd you ev'r  
Em  
Lie to me baby lie, li? to me  
G  
Lie to me baby lie, lie to me  
Am  
Lie to me baby lie, lie to me

[Segunda Parte]  
Em  
After everything we been through  
You come crying to me  
Bm  
You said you'd never lie  
So why you lying to me?  
Am  
I gave you my trust my heart  
And everything inside of me  
G  
Tell me how'd you pay me back?  
You made a fool out of me  
Em

## Acordes

Can't you see what your doing?

Left me, Broken In pieces  
Bm  
Got me feeling so stupid

Guess I needed a reason  
Am  
To let go  
G  
I don't wanna hear lies anymore

[Refrão]  
Said you'd never, why'd you ever  
Em  
Lie to me baby lie, lie to me  
G  
Lie to me baby lie, lie to me  
Am  
Lie to me baby lie, lie to me, yeah

Said you'd never, why'd you ev'r  
Em  
Lie to me baby lie, li? to me  
G  
Lie to me baby lie, lie to me  
Am  
Lie to me baby lie, lie to me

[Ponte]

Em Am  
I've been tryna collect all my thoughts  
G  
It's all said and done  
Bm  
Just don't feel the same  
Em  
Don't try to tell me that I was wrong  
Am  
You was the one lying all along  
G  
I think you just want somebody else  
To take the blame

[Refrão Final]

Said you'd never, why'd you ever  
Em  
Lie to me baby lie, lie to me  
G  
Lie to me baby lie, lie to me  
Am  
Lie to me baby lie, lie to me, yeah

Said you'd never, why'd you ev'r  
Em  
Lie to me baby lie, li? to me  
G  
Lie to me baby lie, lie to me  
Am  
Lie to me baby lie, lie to me

Why you gotta lie to me?
