

Taya Smith - Come Into The Light

tom:
Ab

Intro: Ab Db

[Primeira Parte]

Are you wounded from all the pain
Of hidden sin and secret shame?
Are you burdened and so afraid?
Come into the light

[Segunda Parte]

Are you weak and scared to speak
Of what you can't admit you need?
Are you tired of lacking peace?
Come into the light
Come into the light

[Refrão]

And you will find a Savior
Gentle and lowly
Waiting on the other side
He will meet you gladly
Over and over
With loving kindness in His eyes
Oh, come into the light

[Terceira Parte]

Do you question how you could trust
That His grace is more than enough?
There's just One Who measures up
Come into the light

[Quarta Parte]

Have you been here a thousand times?
Have you started to believe the lie
That it's safer for you to hide?
Come into the light
Come into the light

[Refrão]

And you will find a Savior
Gentle and lowly
Waiting on the other side
He will meet you gladly
Over and over
With loving kindness in His eyes
Oh, come into the light
