

# Taya Smith - My Refuge

tom:  
Intro: Eb Bb Eb Bb

[Primeira Parte]

Your fresh mer-cy  
New every morning  
I am covered and held  
In the shadow of Your wings  
And that mer-cy  
Remains in the eve-ning  
I will stay in Your presence  
As long as I'm living  
I will stay in Your presence  
As long as I live

[Refrão]

O God, my strong tower  
My strength for every hour  
You are with me through it all  
You are with me through it all  
My refuge, my defense  
I'm safe within Your hands  
You are with me through it all  
You are with me through it all

( Eb Bb Eb Bb )

[Segunda Parte]

Always wor-thy  
Of praise in the va-lley  
I've sung thousands of words  
But still can't explain  
How You hold me  
And sustain me  
Though I've wavered in heart  
You've always remained

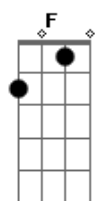

( Eb F Gm Bb )

[Ponte]

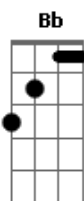

For all the times that You've saved me  
In spite of my fears and failings  
You've always been here before me  
Behind me, beside me  
You never walked out and left me  
Set my feet on this rock, I'm steady  
You've always been here before me  
Behind me, beside me

[Final] Eb F Gm Bb  
Eb F Gm Eb2
