Oh, Carolina creeks running through my
 Am
 Veins
          Am                D
Lost I was born, lonesome I came
                        Em
Lonesome I'll always stay
      Em              D         Am
Carolina knows why, for years, I roam
               Am              D
Free as these birds, light as whispers
      Em
Carolina knows

[Pré-Refrão]

      Em
And you didn't see me here
                  Em
No, they never did see me here
           G  D  Am
And she?s in my dreams

[Refrão]

            Am                 G
Into the mist, into the clouds
 D      Am
Don't leave
          Am               G
I make a fist, I'll make it count
             D          Am
And there are places I will never
Ever go
 Em              D         Am
   And things that only Carolina
         Em
Will ever know
