

# Taylor Swift - Electric Touch

tom:

Intro: G Am Em D  
G Am Em D

G Just breathe, just relax, it'll be okay Am  
Em Just an hour 'til your car's in the driveway  
C Just the first time ever hangin' out with you tonight  
G I've got my money on things goin' badly Am  
Em Got a history of stories ending sadly  
C Still hoping that the fire won't burn me  
Just one time, just one time

G Am Em C All I know is this could either break my heart or bring it back to life

G Am Em C Got a feelin' your electric touch could fill this ghost town up with life

G Am Em C And I want you now, wanna need you forever

G Am Em C In the heat of your electric touch, mmm

G Am Em I've been left in the rain lost and pining

I'm tryin' hard not to look like I'm trying

' Cause every time I tried hard for love, it fell apart (Woah) C

G Am Em I've gotten used to no one callin' my phone

I've grown accustomed to sleepin' alone

Still, I know that all it takes is to get it right C

Just one time, just one time

G Am Em C
