

Taylor Swift - Fall Into Me

Tom: **D**

(intro) **D A Bm G A Bm**

G
You say you've turned it off
A **Bm**
Hid your heart up on a shelf
G
Scared of what it might cost
A **Bm**
To take it down for someone else
G
Cause loving him you lost
A **Bm**
Too much of yourself
E **G**
Baby can't you see
E **G**
That he's not me

(refrão)
D **A**
And I need you to know
Bm **G**
You can fall into me
D **A**
That my arms are wide open
Bm **G**
And will always be
D **A** **Bm**
Right here waiting staying strong
G **D**
Come and fall into me

(**A Bm G**)

G
I'll follow any road
A **Bm**
Anywhere to get to you
G
I'll open up my soul
A **Bm**
If that's what you need me to do

G
Now baby it's your move
A **Bm**
All you got to do is
E **G**
Believe in love
E **G**
Just believe in us

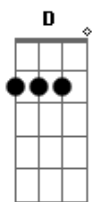

(refrão)
D **A**
And I need you to know
Bm **G**
You can fall into me
D **A**
That my arms are wide open
Bm **G**
And will always be
D **A** **Bm**
Right here waiting staying strong

Come and fall into me

(bridge) **A Bm G D A Bm G**
