

# Taylor Swift - False God

Tom: **D**  
Intro: **Em7**  
We were crazy to think, crazy to think that this could work  
Remember how I said I'd **A** die for you? **D7M**  
**G**  
We were stupid to jump in the ocean separating us  
Remember how I'd **A** lie to you? **D7M**  
**Em7**  
And I can't talk to you when you're like this  
**Em7**  
Staring out the window like I'm not your favorite town  
**D7M**  
I'm New York City, I still do it for you, babe  
**G**  
They all warned us about times like this  
**G**  
They say the road gets hard and you get lost  
**D7M**  
When you're led by blind faith, blind faith  
**G**  
But we might just get away with it  
**D7M**  
Religion's in your lips  
**A**  
Even if it's a false god (We'd still worship)  
**G**  
We might just get away with it  
**D7M**  
The altar is my hips  
**A**  
Even if it's a false god  
**G**  
We'd still worship this love  
**G**  
We'd still worship this love

I know heaven? **A** s a thing, I go there when you touch me, honey **D7M**

Hell is when I fight with you

But we can patch it up good  
Make confessions and we're begging for forgiveness
