Verso:

G

It's 2 am , in your car
Windows down, they pass my street, the memories start
You say it's in the past, just straight ahead
You're thinking that I hate you now
Guess you still don't know what I never said

I wish you would come back

Wish I never had hung up the phone like I did
Em

I wish you know that I never forget you as long as I'm living
C **D**

G

Wish you were right here, right now, it's all good, I wish
you well

It's 2 am , in my room

Where could be love? in a street line down
